

# Project Fence 21

The Mico Foundation  
Creating  
Improving, Enhancing  
the Look

FROM CHAIN LINK to CONCRETE & METAL BARS

The Mico Alumni  
Contributing to build.  
**Look Better, feel better.**  
**I love my Alma Mater**

Get your Name engraved on a  
column for posterity

**Image is everything**  
is is your opportunity to help  
reate a new look to the Mico  
Campus .

Make a contribution of \$20,000.00  
and  
get your name inscribed in marble  
on one of these signature columns

The Mico Foundation constructed an entry/exit gate to The Mico University College which has become a distinctive show piece along Marescaux Road. Unfortunately, the adjoining fence does not complement the elegance of the gate neither does it provide the visual aesthetic quality that befits the image of the University College.

**This is your opportunity to help build 870 feet of concrete and metal fencing from the corner of Manhattan Road to the borders of the Wolmer's Boys' School.**

**Giving the front of the University College along Marescaux Road a new and exciting look**

Be a contributor and have your name inscribed on one of these signature columns as a part of the history of your alma mater.
